About Catholic Charities of Baltimore

Catholic Charities of Baltimore celebrates 100 years of improving the lives of Marylanders in need. Established in 1923, inspiration came from the direction of Bishop Carroll in 1792 that one-third of parish revenue would be provided for relief of the poor. Today, 100 years stronger, the organization is Maryland's largest private provider of human services, with more than 80 programs in 200 locations. Catholic Charities focuses on the key causes of Achieving Independence, Welcoming New Neighbors, Empowering Careers, Supporting Children & Families, Healing Trauma & Addiction and Aging with Dignity. Inspired by the gospel mandates to love, serve, and teach, Catholic Charities is committed to a Maryland where each person has the opportunity to reach his or her God-given potential. www.cc-md.org.
